DEBS' SPEECH IS MADE PART OF TRIAL RECORD

Praised Lenine and Trotsky As World's Greatest Statesmen.

DECLARED HE DEFIED LAW COURTS AND GOVERNMENT

Speech Was Circulated By New York Socialists Prosecution Says.

Albany, N. Y., Jan. 29.—Eugene V. Debs' last speech before his voice was silenced by a penitentiary sentence of ten years for violating the espionage act was read into the record today at the trial of the five suspended Socialist assemblymen being tried by the assembly judiciary committee on charges of disloyalty.

In his speech, made before Socialists in Canton last March, Debs declaring he spoke "as a Socialist, a revolutionist and a Bolshevist," praised Lenine and Trotsky as the greatest statesmen in the modern world and expressed defiance of the laws of this country and the supreme court. The speech was distributed in pamphlet form by the city committee of the Socialist party of Greater New York, according to the prosecution.

In his speech Debs termed Lenine and Trotsky the "greatest statesmen in the modern world to whom I pay my tribute of love."

Asserting that the only part of the working class was allowed to play in the making of peace was through a "second hand representative, Sam Gompers," Debs in his speech said:

"I am opposed to the system under which we live. I am opposed to its government that compels the great majority to pay tribute to the insignificant. I am going to speak to you as a Socialist, a revolutionist, a Bolshevist, if you please. For the first time in history the worker stands erect and begins to shake off the manacles."

After paying his respects to those who opposed Socialist principles, Debs continued in his speech:

"With every drop in my veins I despise their laws and I defy them. I am appealing to you, the plain people. I do not care anything about the supreme court, be-whiskered, be-spectacled, be-frocked, be-collared lawyers all of them. They did not dare to declare the espionage law unconstitutional. The law do I respect? No."

"How fine to do as Wendell Phillips said: 'When they pass a law like that put it under foot.'"

GERMANS BALK AT SURRENDER

High Officials Will Refuse to Aid Allies In Prosecution of Officers For War Brutality.

Berlin, Wednesday, Jan. 28.—Indication of the government's growing concern over the situation in Germany, accused of war offenses was given in the note sent to the allies today asking revision of clauses of the Versailles treaty.

The attempted assassination of Matthias Erzberger, minister of finance, last Monday is viewed in official circles as a precursor of what is likely to happen on a larger scale if the government, yielding to the allies, appeals to force in arresting men on the list submitted by the entente powers.

Editorial and partisan controversies, provoked by the attack on the finance minister, have already reached the white hot stage.

While it has been commonly known that Wilhelmstrasse would use all its persuasive powers in an effort to induce the allies to desist in their avowed purpose of demanding the surrender of Germany, the shots aimed at Erzberger have made the cabinet more apprehensive than it has been at any other time relative to the enforcement of the extradition clauses.

The note to the allies which will not be published in Germany, warns the entente powers that Germany cannot assume she is able to compel either national or local agencies of the law to lay hands on the men wanted and transfer them to German frontiers.

The Associated Press is informed that even responsible officials of the foreign office have announced point blank they will refuse to execute war crimes connected with extradition from Germany and that they threaten to strike or indulge in "passive resistance."

CHILD BORN IN CITY HAS BETTER HEALTH

New York, Jan. 29.—The "poor little child" who has the misfortune to be born in a city just five times as good a chance of reaching maturity as his country cousin, according to Dr. Thomas D. Wood of Teachers College, New York.

Speaking before a teachers conference in Belvidere, N. J. yesterday, Dr. Wood cited figures based on a survey of 500,000 children to support his contention. The figures showed country children to lead city children in tooth defects, defective tonsils, adenoids, malnutrition and breathing defects.

"Ignorance, prejudice and lack of health supervision," were given by Dr. Wood as the principal causes of poor health in the country.

TENNIS CHAMPIONSHIP STARTS

Philadelphia, Jan. 29.—Play for the national tennis doubles championship started at the Racquet club here today and will continue until Saturday. Star players from New York, Chicago, Boston and Philadelphia are entered in the tournament.

WOULD ASSESS FINE FOR HARBORING RATS

Columbus, Jan. 29.—Senator Geo. D. Jones, of Franklin county would exterminate rats and mice from Ohio by making it a misdemeanor punishable by a \$100 fine to knowingly harbor rats or mice on one's premises. He introduced such a bill in the state senate yesterday and had it referred to the committee on agriculture.

HOPES TO OPPOSE NONPARTISANS IN MINNESOTA RACE

Julius Schmah.

Julius Schmah, secretary of the Minnesota Republican party, is the newest entrant in the gubernatorial nomination race in the Republican party in that state. He is willing to have the Republicans decide on one lone candidate to unite their strength against the Nonpartisan league choice who will also be placed in the Republican primaries.

THIEVES STEAL \$300 IN PELTS

Morgan and Roberts Building Burglarized and Eight Hides Stolen—Burglars Replace Broken Lock

Thieves entered the Morgan & Roberts building on Canal street last evening and stole pelts and furs valued at \$300. Entrance was effected by breaking a lock on the front door and leaving through a side door. They then went to the front door, placed a new lock on it and left after first locking the door.

A city patrolman in making his rounds tried the side door about 7 o'clock last night and finding it unlocked notified Wm. J. Morgan, who made an investigation and found that the thieves had hurried away 32 muskrat, one coon, 21 skunk and 8 opossum hides, valued at \$300.

The hides and furs had just been purchased in the afternoon from a resident of Alexandria and it is the suspicion that someone witnessing their delivery planned the robbery.

CITIES MUST REAPPOINT HEALTH BOARDS IN OHIO

Columbus, Jan. 29.—City boards of health in Ohio will have to be reappointed according to an opinion rendered yesterday by Attorney General John G. Price to the state bureau of uniform accountings.

Price holds that with the taking on of the new Hughes-Grissold health code old boards of health are all legislated out of office and present boards must be reappointed.

The ruling does not affect Columbus and other charter cities, it was said.

COURT OFFICIAL HAS NO WORD FROM JACK

Chicago, Jan. 29.—John Arthur (Jack) Johnson, negro heavyweight pugilist, fled to Europe in 1914 after he had been sentenced to a year in a federal prison and fined \$1,000 on a charge of violating the white slave law. He was out on bond pending a new trial on some of the counts and re-sentenced on others.

Charles Clyde, federal attorney who prosecuted Johnson, then heavyweight champion, early today said he had received no communication from the negro since he left Chicago. Mr. Clyde would not comment on the probability of Johnson's return to return to Chicago and face the charges against him.

Johnson's indictment grew out of allegations that he paid the railroad fare of a woman from Pittsburgh to Chicago.

DEMOCRATS MEET TO NAME CONVENTION CITY

Columbus, Jan. 29.—The Democratic state central committee was in session here this afternoon for the purpose of deciding the date and place for the holding of this year's Democratic state convention and deciding upon policies.

The platform convention will be held tomorrow at the national convention at San Francisco June 28 and advance predictions were that the convention will be held in Columbus.

RELIEF ASSURED FOR OHIO CITIES BY BILL OFFERED

Sen. Conference Committee Reaches Agreement On Tax Measure.

BOTH HOUSES EXPECTED TO VOTE ON PROPOSAL TODAY

Excess Levies Are Provided For In New Law Submitted.

Columbus, Jan. 29.—Financial relief for cities and other taxing districts was practically assured today through legislation to permit levies in excess of the Smith one per cent law limitations.

The conference committee, deadlocked for several days on whether the Gardner bill should permit taxing officials to exceed the limitations on their own authority or require such excess levies to be authorized by a vote of the people, agreed today to the latter method as provided in the bill as it was passed by the house. The senate conferees backed down on the senate's position that the excess levies be voted by the taxing officials without a popular vote.

The conference committee's report is expected to be accepted by both houses today. It also will include amendments to authorize excess levies for outstanding bonds up to January 20, 1920, in accordance with the emergency relief measure to take care of the current year.

Agreement on the Gardner bill is expected to pave the way for adoption of the proposed classification amendment, which would increase the constitutionally set rate limitation of 15 mills on all classes of property and which could be exceeded only by 60 per cent of the voters in cities and school districts or by a vote of the legislature in counties and townships for emergency, road or bridge purposes.

The increase to 15 mills from the original proposition of a 10 mill rate limitation was considered necessary by the committee to insure adequate operating revenue. That the committee believed it may be necessary in some instances for cities or school districts to exceed even the 15 mill limit, is indicated by the provision permitting extension of the rate limit by a vote of the legislature on authorization of the legislature to exceed the limitation for emergency, road or bridge purposes.

It was said to be indicated last night that rural opposition to the proposed classification may be withdrawn to considerable extent following a meeting of L. J. Taber, master of the State Grange and officers of other farmers organizations with the joint taxation commission. (Continued on Page 2, Col. 3)

CONFERENCE WILL BE RESUMED ON FRIDAY

Washington, Jan. 29.—Negotiations between Democratic and Republican leaders of the senate who apparently have approached a peace treaty compromise will not be resumed until tomorrow, the meeting of the bipartisan committee planned for today having been postponed because of the absence of Sen. Hughes. It was expected that the committee would bring a final showdown on the question of continuing the negotiations.

There were indications that some senators on each side welcomed the delay and there were many conferences during the day to perfect plans for the resumption of the negotiations.

PANIC IN MINE WHEN FAN CEASES TO RUN

Marianna, Penna., Jan. 29.—Panic prevailed in the Marianna Coal and Coke company here last night when the fan suddenly ceased to operate and in the rush for the shaft one miner was hurt.

Smoke, which curled out of the mine, caused the widespread report today that the workings were on fire and 10 men had been trapped. Officials of the company, which is a subsidiary of the Cambria Steel company, declared the mine was not on fire and that the panic in the mine when the fan stopped had all made their way to safety.

GOVERNMENT EXPERTS ADDRESS CANNERS

Cleveland, Jan. 29.—Scientists, representing government bureaus and universities, presented programs for efficient advancement along lines of food production and preservation at today's session of the 13th annual convention of the National Canners Association here today.

Close attention to the task of increasing the food supply was urged by Willis L. Crites of Detroit, Ohio, chairman of the agricultural committee. He said the cause of low crop yields must be determined and their causes removed. The convention closes tomorrow.

38 NEW FLU CASES

Youngstown, Jan. 29.—Thirty-eight new cases of influenza were reported to the board of health today with one death from influenza and four from pneumonia. The total number of influenza cases under quarantine in more than 200. The board of health last night selected tentative sites for emergency hospitals, should they become necessary.

The last contingent of the American expeditionary forces in France recently reached the U. S. shores and, oh, boy, but they were glad to see Uncle Sam's domain again. They are shown above greeting the crowd which watched their arrival at the pier in New York.

TAX COLLECTION IN OHIO INCREASED BY 23 MILLIONS

State Auditor Says \$147,335,209 Will Be Collected For December and June, Largest in History.

Columbus, Jan. 29.—Ohio's total tax collection for December and next June for state, county, township and city governments will amount to \$147,335,209, an increase of \$23,000,000 over last year, according to a report made today by State Auditor Donahy. This is the largest increase in the history of the state, according to Donahy. It does not include taxes collected by reason of special road levies and school tax levies authorized by vote of the people.

The grand duplicate of the state up on which the tax was levied amounted to \$9,599,586,925, divided as follows: real estate, \$5,600,351,740; a gain of \$244,000,000 over last year; personal property, \$3,930,425,485; a gain of \$287,000,000; all rural property, \$3,293,062,710; a gain of \$300,000; all municipal property, \$6,306,524,216; a gain of \$450,000.

The state's share of the collection was \$2,237,362. This is an increase of \$1,158,339 and is accounted for by the increase in the state highway levy from three-tenths of a cent to one cent. The counties collection will total \$33,830,970, a gain of \$4,830,724; cities, \$38,898,321, a gain of \$2,333,054; schools, \$56,869,303, a gain of \$12,200,667; townships, \$11,499,550, a gain of \$1,475,318. The increase in county taxes is almost twice as much as for municipalities. "This," says Donahy, "seems to sustain the contention of cities and villages that county budget commissions favor counties to the detriment of municipalities."

CHICAGO THEATER HAS WOMEN'S SMOKING ROOM

Chicago, Jan. 29.—A Chicago theater today announced it had opened a smoking room for women. The manager said the "women drove him to it." He said he found girls were smoking in the washroom, the boudoir and even in the lobby. The women smoke more cigarettes than the men, the manager said. The smoking room was outfitted at a cost of \$10,000.

ITALIANS AGREE ON STRIKE SETTLEMENT

London, Jan. 29.—An agreement on all the principal points at issue has been reported between the Italian cabinet and the leaders of the striking railway men, according to a Central News dispatch from Rome under yesterday's date. It is expected that the strikers will return to work immediately.

PACKERS SCORED FOR HOARDING

Farmers Absolved of Blame For High Prices By Governor Cox In Address In Columbus.

Columbus, Jan. 29.—Packers, were scored for hoarding food in cold storage warehouses and farmers were defended from the charge of profiteering by Governor Cox today in an address at the farmers week course at Ohio State University.

"It is the result of the diabolical policy of packers in disturbing the legitimate purpose of cold storage plants to destroy the law of supply and demand, that some people believe that the farmer is the profiteer," said the governor. A plea was voiced by the governor for more owners of farms and more home owners. "When there comes a question of the regime of the Bolshevists," he said, "you can depend that the owner of property will be the first to resist because he knows that the only protection for his property lies in the maintenance of the government."

"But you can't encourage people to buy property if you put too many taxes on property," the governor added in advocating forcing intangible property on the tax duplicate. "If intangibles were taxed as they should be it would not be necessary to have a ten mill levy perhaps not more than six, seven or eight," he said.

Oscar Brudtute of Xenia, was elected president of the Ohio farm bureau federation which represents 60,000 organized farmers of Ohio. Brudtute is a trustee of Ohio State University and was a member of President Wilson's first industrial conference.

Further consideration of Ohio's tax problems was given today by Ohio farm organizations meeting at the university. An organized movement to get higher prices for milk was expected to grow out of today's meetings of the Ohio State Dairywomen's Association and the Ohio Jersey Cattle Club. Organization of all milk producers of the state and the adoption by every dairyman of a cost finding and accounting system was urged by H. W. Ingersoll of Ellettsburg, president of the Ohio State Dairywomen's Association.

HUNGARY WILL BE MONARCHY PREMIER SAYS

Budapest, Jan. 29.—Hungary will be a monarchy and the king will be chosen immediately after the national assembly convenes, said Premier Huszar, speaking at a woman's gathering yesterday.

IRON PRODUCTION DROPS

Youngstown, Jan. 29.—Big iron production in the Mahoning valley has been decreased over 4500 tons daily owing to the coal shortage. Three blast furnaces have been banked on account of the lack of coal and others are slowed down as much as possible. Plants continue to receive barely enough coal to operate from day to day.

PTG TAKEN IN RAID

Toledo, Jan. 29.—Art Wittelschager, prize fighter is held by federal authorities as the result of the first raid by prohibition enforcement agents here yesterday. The agents said they confiscated a still and some mash. John Haragan of St. Louis was taken in the raid on Wittelschager's place and is held by the police as a suspicious person.

ERZBERGER'S WOUND CAUSING HIM PAIN

Berlin, Jan. 29.—An examination of the wound of Matthias Erzberger, vice premier and minister of finance, who was shot Monday by Oltwig von Hirschfeld shows the wound little changed, with no inflammation. There is some swelling, however, and the wound is causing him pain. The patient's temperature is normal but his pulse still continues at 120.

In consequence of his setback yesterday he is suffering from exhaustion and needs rest and care. While there is no immediate danger, Herr Erzberger may die with the most important state affairs.

AID OF CLERGY REFUSED BY MAN FACING EXECUTION

Ossining, N. Y., Jan. 29.—Gordon Fawcett Hamby, the 26 year old confessed murderer, bank robber and train bandit will go to the death chair in Sing Sing prison tonight without the aid of clergy, if his wishes are respected by Major Lewis F. Lawes, warden. A request to that effect was transmitted to the warden for Hamby today by a member of the death watch. The iron rived prisoner whose career of crime took him from coast to coast and ended in Tacoma, Washington, with his arrest for the murder of two bank employees during a \$15,000 robbery of the East Brooklyn Savings Bank in December 1918, began his last days on earth with apparent indifference to his fate.

He sat on a stool as cool as when he sat in the district attorney's office in Brooklyn after his arrest and recounted robbery after robbery and murder after murder in which he said he had been helped. He partook heartily of a breakfast, the winds of which he had selected, and smoked innumerable cigarettes.

Hamby confided to Major Lawes last night that he had planned to cheat the unions by committing suicide in his cell today. He changed his mind, however, he said, because Major Lawes had "treated him so squarely and been such a good fellow."

MURDERER AND BANK ROBBER TELLS WARDEN HE DOESN'T WANT MINISTRATION OF PREACHER AT DEATH CHAIR

Ossining, N. Y., Jan. 29.—Gordon Fawcett Hamby, the 26 year old confessed murderer, bank robber and train bandit will go to the death chair in Sing Sing prison tonight without the aid of clergy, if his wishes are respected by Major Lewis F. Hamby confided to Major Lawes last night that he had planned to cheat the unions by committing suicide in his cell today. He changed his mind, however, he said, because Major Lawes had "treated him so squarely and been such a good fellow."

GOMPERS MEETS NEW YORK LABOR LEADERS

New York, Jan. 29.—Samuel Gompers, president of the American Federation of Labor, who arrived here last night from Washington today was in conference with local labor leaders in Washington on December 13, to which it is proposed to formulate a new central body.

Under the terms of the proposal the Central Federated Union, composed of the unions of Manhattan and the Brooklyn Central Labor Union would be merged with minor organizations in other boroughs in the greater city.

Labor men assert the proposed body would be the strongest central body in America.

The plan of organizing the new central body is declared to be the direct result of the division of the heads of the international union chiefs meeting in Washington on December 13, to do all in their power to drive out Sovietism and extreme radicalism from the ranks of the regular labor organization.

While Mr. Gompers issued no statement, it was said in well informed labor circles that sentiment among the unions is largely in favor of the proposed merger.

SPANISH WAR VETERAN DEVELOPS LEPROSY

Omaha, Jan. 29.—Charles Young, 49 years old of Tilden, Nebraska, who applied at the Creighton Medical college several weeks ago for treatment for a blood disease has a well developed case of leprosy, according to a specialist's diagnosis announced today. Young became a charge of the state. The specialist said there was a possibility of ultimate cure. Young is a Spanish war veteran.

LABOR AND CAPITAL APPEAR ON PROGRAM

Pittsburgh, Jan. 29.—John D. Rockefeller Jr. and Frank Morrison, secretary of the American Federation of Labor were announced today as two of the principal speakers at a national labor conference to be assembled here Saturday to consider the whole task of the protestant churches of North America at home and abroad.

The conference will last three days. Daniel A. Potts, director of the Laymen's service committee of the Episcopal movement expected that 250 delegates will be present.

Among the other speakers are Governor Henry R. Allen of Kansas, Gov. Emmet C. Miller of Maine, Atty. Gen. General J. Mitchell Palmer, John R. Mott and a number of others closely connected with the interchurch movement.

PROPOSED LOAN TO EUROPEANS IS CUT DOWN

Twenty-five Millions Lopped Off When Help Is Offered.

ENGLAND AND CANADA TO AID STARVING PEOPLES

Argentina Also Wants to Come to Relief of Poles and Armenians.

Washington, Jan. 29.—Reduction of \$25,000,000 in the \$150,000,000 loan proposed for food relief in Poland, Austria and Armenia was made today by Secretary Glass appearing before the house ways and means committee.

Mr. Glass said the reduction had been decided on in conference with Herbert Hoover, who was quoted as saying that the loan or gift of \$150,000,000 as suggested in committee, "would do more harm than good."

"Fifty million dollars would not relieve the menacing situation, and revolution might occur in the affected countries," said the secretary.

Assistant Secretary Norman Davis told the committee the reduction was made possible by Great Britain definitely agreeing to provide the ships for transporting the food. He added that Argentina and Canada had "signified willingness" to participate, estimating that \$10,000,000 would be provided by them.

"One can not describe the need of relief," declared Secretary Glass, who explained conditions related to him by American officials just back from Europe. "This relief is the humanitarian and safe thing to do. It is the plain, practical common sense thing to do, even if we don't get the money back. But we hope to get some of it back. It is the least expensive thing to do."

"Men, women and children, especially children, are dying by the thousands. One man, just returned from Europe, saw 27 bodies lying unburied in a street in an Austrian city."

SUES CLIENT FOR FEE OF \$5,000

Attorney John M. Swartz has filed a petition in common pleas court against Harry Swisher, in which he asks a judgment for \$4,250, balance due him he alleges for legal services for defendant.

The petition states that plaintiff was retained as attorney and legal adviser for the defendant and devoted his time continuously from January 10, 1917 to May 6, 1919, and recovered property for the defendant from a trustee, Rollin Swisher, valued at more than \$300,000.

The petition recites the numerous cases in courts, including those carried to the supreme court, and the labor which he performed and which he claims was reasonably worth \$10,000, but because of long continued business association between the plaintiff and the defendant he agreed to accept and receive full settlement of the amount due him for such services the sum of \$5,000, and that \$750 in cash had been paid on the same by the defendant.

OHIO REPS. OBSERVE MCKINLEY ANNIVERSARY

Cleveland, Jan. 29.—Banquets of Republican clubs here and at Niles tonight will feature McKinley's birthday celebration in Ohio. Senator Warren G. Harding, aspirant for the Republican nomination for President, will be the principal speaker at Niles. Senator Harding is expected to deliver his first political address since announcing his candidacy.

Nicholas Murray Butler, president of Columbia University, is to be chief speaker at the annual Tippecanoe club dinner here.

One thousand Republicans are expected to attend the sixth annual banquet of the Mahoning Valley McKinley Club at Niles. Other speakers on the program include Lieutenant Colonel Ralph D. Cole, of Findlay, candidate for the gubernatorial nomination and Mayor Fred J. Warnock, of Youngstown.

Congressmen John G. Cooper of Youngstown and Henry I. Emerson of Cleveland, are on the Tippecanoe club's program, as is E. C. T. Miller of Cleveland. She will be the first woman ever to speak at a Tippecanoe club annual dinner.

McKinley day will be celebrated without carnations in Lorain, Ohio, there declaring they are unable to obtain the flowers in large quantities.

BOLSHEVIKI CAVALRY CAPTURE 5000 MEN

London, Jan. 29.—Russian Soviet cavalry, commanded by General Denikin, has forced the rivers in the Manchukuo valley in the lower Don region and captured 5,000 prisoners after a two day battle the red forces then continuing to advance says a Bolshevik communiqué received today.

Further eastward along the same rivers the forest fighting is in progress against another force, the state news adds.

KEEP WATCH ON YOUR STOMACH FOR HEALTH

It may seem strange that pains in the head or aches in the joints are due to trouble with the stomach. But nine times out of ten these can be traced to stomach or bowel trouble. The poisonous wastes that should pass out of the body clog up and are absorbed into the blood. This carries them to every part of the body. Muddy complexion, bad breath, nervousness, dizziness, and even cold hands and feet can be eliminated by proper regulation of the stomach and bowels.

If you have any of the troubles described above you should use Dr. Parker's Treatment for Indigestion and Constipation. It is guaranteed to relieve or your \$1.25 will be refunded. The Parker Medicine Co., Athens, Ohio.

OLD MEN AND OLD WOMEN ARE MAKING GOOD

Hundreds of men and women well along in years have taken a most remarkable new line on life; are up and doing more than their share of work and enjoying it, not shirking favors of anyone.

There is no secret about this. Every man and woman past the prime of life can come back strong, look young, and feel young, in a short time, if they will just follow the laws of nature.

Old people THINK they are worn out because of age, and they feel that way. That is all wrong. One of our leading doctors says that looking and feeling old is due to lack of iron and phosphates in the blood and nerves. When people are young, they have a good supply. As they grow older and grow on this reserve, they commence to run down unless they are wise enough to re-charge their blood and nerves with Phosphated Iron.

Continuing, the doctor said, "Every man and woman along in years can be made strong, keen, healthy and alert, enjoying life's pleasures again if they will simply renew their blood with iron and phosphates."

Phosphated Iron makes new, red blood, strengthens the nerves, rebuilds energy, renews endurance and often increases the strength of weak or old people one hundred per cent in 2 weeks' time. Thousands of run-down old people who were giving up the while have surprised their friends with a most astonishing return of health, strength and vitality simply by taking Phosphated Iron.

Phosphated Iron is put up in capsules only, does not stain inferior pills or tablets. For sale by

Incomplete reports from team workers conducting the American Legion membership drive indicate that more than 200 new members were enrolled in two days, one worker alone securing 23 signed applications. It was announced Thursday. The drive opened Tuesday morning with ten teams at work. The eight losing teams are to banquet the two leading teams and the legion membership at the conclusion of the campaign.

G. OF C. HEAD QUILTS DIFFERS WITH DIRECTORS

Sandusky, Jan. 29.—George A. Boeckling resigned as president of the Chamber of Commerce following a directors' meeting Tuesday night.

Boeckling says that in order to bring the plan of the Ajax Rubber Co., of New York, to this city the chamber is about to begin an undertaking it cannot hope to fulfill.

ICE SKATING STARTS

Saratoga Lake, N. Y., Jan. 29.—The principal races in the final national skating championship here today were the 220 yard hurdles, the 440 yard dash and the three mile event. Roy McWhorter of the Illinois A. C. Joe Moore, of Lake Mendota and Everett McGowan of St. Paul were the leading favorites for the championship title as the result of the showings made in yesterday's races.

BROKER DRAWS SENTENCE

New York Jan. 29.—George Graham Rice whose stock promotions have been given attention by courts several times in recent years, was sentenced today to serve the maximum term in Sing Sing for grand larceny in appropriating \$721 sent him by a customer to buy stock.

WILL OBSERVE LEAGUE ADVENT

Paris, Jan. 29.—President Poincaré will preside at a solemn ceremony to be held at the Sorbonne January 30, to celebrate the establishment of the League of Nations.

MINE WORKERS TRAPPED

Berlin Jan. 29.—A dispatch to the Lokal Anzeiger from Dortmund says that the entire night shift of the Aplerbeck mine is imprisoned in a shaft as a result of the mine becoming flooded. Wives and relatives of the miners, most of them in a hysterical condition have assembled about the mine entrance.

WOULD BOMB FISH PEST

Brest, Jan. 29.—Such havoc has been wrought in the Sardine fisheries off the coast of Brittany by shoals of porpoise that the fishermen have appealed to the French ministry of marine for relief. The ministry has been asked to station seaplanes at the fishing ports, supplied with bombs having an explosive area of 300 yards to rid the fishing grounds of the pest.

FLUE IN COLMBUS

Columbus, Jan. 29.—One hundred and seven new cases of influenza were reported to the Columbus health board today. No deaths were recorded.

AT A. M. E. CHURCH

At the revival services, the A. M. E. church, now in their second week, Rev. Mr. Lee will speak tonight on the subject "Profit and Loss" and on Friday night "The New Birth."

WIRE BRIEFS

East Liverpool: James Sheehan, 60-year-old man, crushed to death by falling slate.

Cleveland: Detective search for Mary Fests 14 believed kidnapped by a man who later promised to allow her to marry, but later decided.

Columbus: Members of Associated Ohio Dairies elect all officers for another year.

San Francisco: Mrs. Annette Adams, United States attorney, says her office is investigating charges of irregularity in Jack Dempsey's exemption from draft.

Washington: Secretary of War Baker announced no change in United States uniform will be made for the present on account of high cost. Bell collars and Sam Browne belts have been recommended.

Washington House of representatives passed a bill prohibiting shipment of motion picture films in interstate commerce.

Congress: American military authorities prefer annexation to city on account of housing shortage when population in excess of 15,000 since occupation.

Walking Sticks and Canes

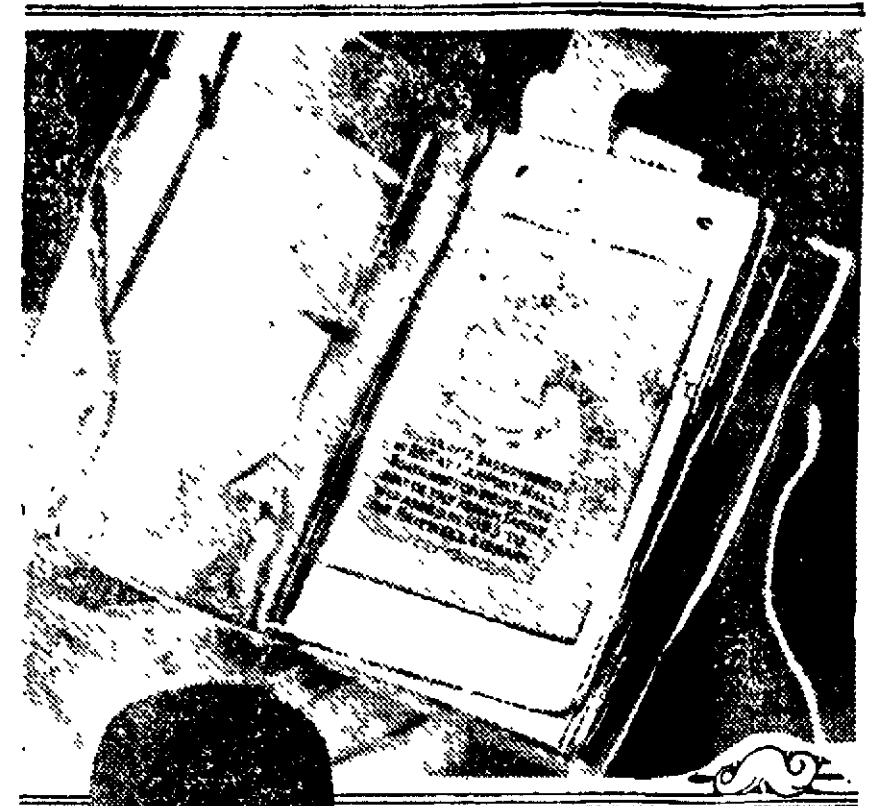

The general use of canes was at one time forbidden in Rome by imperial edict, except to persons of patrician rank. The women of that time carried them also. The cane appeared in England as the badge of aristocracy in about the fifth century. Later came a period of decoration and canes of exquisite design resulted.

Giving in Service

BRINGS \$1,000,000 WORTH OF SHAKESPEARE'S WORKS, \$75,000 BOOK TO UNITED STATES

G. D. Smith and volume of "Venus and Adonis."

G. D. Smith of New York recently returned to the U. S. with one million dollars worth of Shakespearean works. Included among the volumes is one rare one of "Venus and Adonis," printed in 1599. It is two by three inches in size and weighs two ounces. Smith bought it at auction at Setheby's in England for the amount named.

ASSOCIATED DAILIES ELECT NEW OFFICERS

Columbus, Jan. 29.—Colonel G. W. C. Perry of the Scout Gazette yesterday was re-elected president of the Associated Ohio Dailies. Other officers re-elected were: Fred W. Smith, Athens Messenger, first vice president; Elbert H. Mack, Sandusky Register, second vice president; Louis H. Brush, Salem News, secretary; and Frank Harper, Mt. Vernon Banner, treasurer.

Among those who spoke at the closing sessions of the convention of the association were Senator C. V. Beebe, Mt. Glead, and Arthur M. Crumrine of Columbus.

RELIEF ASSURED

(Continued From Page 1)

The farm organizations had served notice on the legislature late yesterday that unless an income tax law is passed they would call the legislature to a special session in November and elect a legislature that would enact such a law.

These farm organizations will hold meetings again today for further consideration of their stand on the tax question as a result of their meeting last night with the taxation committee.

The senate today may vote on the Miller bill proposing a 1 per cent tax of \$40 on eatables and \$125 on whole salery. The joint legislative committee recommended the measure for passage.

MAKES REFERENDUM ON DRY ACT MUCH EASIER

Columbus, Jan. 29.—Referendum of prohibition and suffrage measures passed by the legislature yesterday was made easier by a constitutional amendment proposed in the house of representatives today by Representative Scott of Hamilton county.

The amendment provides that laws which have once been defeated by referendum would automatically go to referendum again if repassed by the legislature without the necessity of filing petitions with the secretary of state.

Representative Beatts of Hamilton county introduced a joint resolution calling for the submission of a constitutional amendment that would insure a jury trial for all persons accused of crimes or offenses. Such an amendment if adopted by the voters would insure a jury trial for all violators of prohibition enforcement laws, dry laws, etc.

A bill introduced by Representative Taylor of Huron county would increase the salaries of members of the state insurance commission from \$9,000 to \$15,000 a year.

FRANKLIN CO. SOLON ATTACKS PROFITEERS

Columbus, Jan. 29.—Bills designed to curb profiteering were introduced in the legislature yesterday by Senator Floyd of Franklin and Representative Fouts of Morgan county.

Floods bill would authorize municipal utilities to engage in the business of distributing milk and manufacturing milk products for sale and prohibit the sale of milk unless it contains four per cent of butter fat. Public eating places could be prohibited from selling milk and butter substitutes unless they state that the products served are substitutes.

Representative Fouts' bill is designed to stop the circulation of trade papers, which have a tendency to abnormally inflate prices of necessities of life. It provides for a fine of \$500 for merchant or his agents who represents to a customer that prices will be high, or for the purpose of inducing customer to buy more than he needs.

Fine Musician at Eight

Sir Arthur Sullivan, whose name at once comes to mind at the mention of "The Mikado," or "H. M. S. Pinafore," was the son of a bandmaster. At the age of eight young Arthur could play all the wind instruments in the orchestra.

Novel Stuffing for Pillows

In British Honduras the natives have discovered that nature has provided them with splendid material for pillows and mattresses in the pollack tree. The fruit contains a soft staple fluff or silk fiber. It will not lump, even after years of service.

The Moonless Night

The moonless night has a touch of frost, and is clear, high and dominant amidst the Populations of the Sky, the restless and steadfast alike, hance the great flow, lit with a hard radiance as of the polished and shining spheres.—Kenneth Grahame in "Pagan Papers."

TELLS HOW HE CURED COLD

New York Physician Passes on Remedy Which He Declares Does Away With Affliction.

This is how Dr. L. Duncan Bulkley of New York cures his own colds and those of other people. Doctor Bulkley tells the story in the Medical Record, as follows:

"Yesterday I had about as severe a cold as possible, which had been coming on several days, and had been simply neglected, and I sneezed and coughed all day, using any number of handkerchiefs. In the afternoon I took one or two doses of soda, half a teaspoonful, and in the evening took five more, at half-hour intervals, in warm water. At midnight I took one of the grip powders I have so long prescribed, ten grains of phenacetin with 20 of soda, with hot water, and went to bed with two handkerchiefs under my pillow. I dropped to sleep very soon and slept soundly until called at 7:30, when I took another of the phenacetin and soda powders and found the cold entirely gone; exactly the experience which I reported before and which I have had many times."

"Last year from October to late spring I wrote for the phenacetin and soda powders, ten grains and 20, almost every day, and sometimes at least four times in the day, for patients threatened with gripe, and although I questioned many patients at subsequent office visits I have yet to learn of any failure to arrest the trouble."

TO WORK OLD COPPER MINES

American Company, With Modern Machinery, Will Reopen Shaft on the Isle of Cyprus.

Equipped with modern mining machinery purchased in the United States with California money, the rich copper mines of the Isle of Cyprus, which centuries ago furnished copper for the civilized world, may in a few months be turning out thousands of tons of that metal.

According to an announcement made yesterday, a syndicate of California capitalists has secured a long-term purchase lease on a score or more of the most valuable workings on the island, and engineers are now on the ground outlining plans for installing modern mining machinery to replace the crude plants maintained by the Phoenicians centuries ago.

While the names of members of the syndicate were not given out, D. C. Jacklin, multi-millionaire copper magnate of San Francisco, is the recognized head of the corporation.

When the war first broke out the syndicate had about completed plans for perfecting their lease of 22 claims on the island, but complications brought about by the conflict forced abandonment of the plan until after the signing of the armistice.

Art Criticism

One day a German subaltern who had been ordered to find billets presented himself at my house, writes a Belgian woman in the World's Work. I showed him among others the room occupied for more than two years by the American delegates of the relief commission, in which a reproduction of an ancient work of art—a bust without arms—stood on the mantelpiece. The subaltern thought the room appeared to be comfortable, but, seeking to make himself disagreeable, he raised his eyebrows, after looking at the reproduction, and said in a rude voice:

"Why, madam, did you cut the arms off this bust in a room destined to be occupied by a German officer?"

Words failed me. What could I say? He left the house with an offended air. But the incident had no sequel, which was most extraordinary.

Lived Long in Seclusion

Forty years in the District of Columbia without having set foot on the streets! Such was the record of several of the sisters of the Visitation convent, formerly located at Connecticut avenue and L street Northwest.

I am told on authority. For forty years these sisters lived in the school taking their exercise in the spacious grounds back of the building, surrounded by a high wall. As you go past the building now you see it all most razed to the ground by wreckers the building and site having been sold recently for a big price. So the good sisters at last came forth from their cells and trod again the streets of the national capital for the first time in forty years.—Washington Star.

Prizes for English Weavers

A gift of \$10,000 from John Crompton of Manchester, England, will provide rewards to the designers and weavers of original cotton fabrics designed and woven in technical colleges or weaving schools in the British empire. One-half of the fabrics sent in for competition must be entirely of cotton, and the remainder may contain 70 per cent of cotton threads. A special committee of the Textile Institute of Manchester will take care of the collection of the samples.

On Venice Canals

The main entry to Venice from the railway station is by the celebrated Grand canal by means of gondolas or omnibus steamers. The latter maintain a regular service along the Grand canal and across the lagoon to the island of the Lido. There are also train-steamers connections between Venice and the more important lagoon islands.

Damascus is the oldest of all extant cities.

LOOK FOR 10 MILLION CARS IN U. S. NEXT YEAR; AUTO EXPERTS SAY

Ohio Was Second Automobile State In Country Last Year—New York Leads With 600,000 Cars During 1919.

Cheer up Mr. Strap-Hanger, you've got a seat coming! And not very far off, either. Maybe just a year hence. According to the predictions of statistical experts there'll be one automobile to every two families in the United States by January 1921. If you are not a member of one of these families there will be room in the street cars.

Statisticians of the B. F. Goodrich Rubber Company, who have just completed a count of the motor vehicles of America are looking forward conservatively to 10,000,000 cars in 1921. This means approximately one car to every ten persons, or figuring three and one-half persons to a family, one car to every two households. Your chances of having a car in the family are therefore 50-50—one in two.

The Goodrich count on automobile and trucks now in operation is based on official figures from every state in the union. The registration of motor vehicles for 1919 was 7,555,269 and for the year 1918 was 6,023,805—an increase of

1,531,664—a gain of 24 per cent. The increase of 1918 over 1917 was 23 per cent.

All dealer and motorcycle registrations have been carefully deducted. The figures present the first complete authentic report.

The registration by states for both 1918 and 1919 and the percentage of increase in each state follows:

State	1918	1919	Pct. Inc.
Alabama	46,155	62,000	34.2
Arizona	23,875	29,000	21.5

Total	6,023,805	7,555,269	26.0

Note: * denotes states in which registration for last few days of December had to be estimated.

The race between New York and Ohio for supremacy in number of registrations has turned decidedly in favor of New York—the Empire state leading by a comfortable margin, the percentage of increase, too, being greater.

An analysis of the figures disclose that the states have more automobiles and trucks registered within their individual confines than the entire continent of Europe. These states—New York, Ohio, Illinois, California and Pennsylvania have a combined registration of 2,445,536—30 per cent of the entire country's registration.

The state of Washington supersedes Maryland in the distinction of having the largest per cent of increase. Maryland's 1918 increase over 1917 was 82 per cent, while Washington comes along with a 48 per cent gain over 1918. North Carolina runs a close second, 47 per cent in place of its 50 per cent increase in 1918 over 1917.

The figures reflect that the automobile industry—the third-largest in the country—is in an era of almost limitless expansion. It has converted 62 years with pessimistic views of the future of the internal combustion engine as a means of vehicle propulsion into genuine optimism. It has forced nation, state and county to establish good roads building campaigns in equal stride with the trend of motorism.

Reused to Indignant Protest.

It had been the custom to give the twins, Jane and John, presents almost alike. One day they got into a quarrel and John became quite angry, exclaiming: "I can't have anything by myself; I can't even have my own birthday in peace!"

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound, mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

INFLUENZA DANGERS

Especially Avoided by Liberal Use of Dash Balm.

The danger of a recurrence of the influenza epidemic of last year is by no means small.

Be on your guard. Influenza is only possible by entrance through nose and mouth of vicious influenza germs.

Keep a jar of Dash Balm handy. It not only wards off influenza, but also relieves severe catarrhal conditions of the nose and throat.

Insist on having Dash Balm and nothing else. Jars only, price 35 cents. Allen J. Dash Co., Mfg. Chemists, Olean, N. Y.—Adv.

Says His Prescription

Has Powerful Influence

Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenru Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times the terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Evans' Cut Rate drug store has been appointed agent for Allenru in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

GOOD CITIZENSHIP.

Public officials frequently complain that they cannot improve the conditions prevailing in their work, because they cannot get support. Congressmen say that while they are all pledged for economy, yet they have to vote and work for liberal appropriations for their home districts. As a consequence of the rolling spirit, great "pork" bills have to be paid by the people.

GOING TOO FAR.

An example of the hysterical tendencies of the Republican party can be found in their action in the New York Assembly on the matter of suspension of five Socialist representatives. On a motion to give these representatives their seats until the case against them could be heard, only eleven Republican Assemblymen voted Yes, while only three Democrats voted No.

DIVIDING UP.

Some employers who hire the less skilled kind of labor, report that some of their workers have very communistic ideas. If they are asked why they feel disgruntled, they will say that they want just the same things the boss has. They want automobiles, fine houses, and all that.

Suppose one should say to such men, "All right, you can have all these things if you will do the same work the employer does. If you think you can run this factory as well as he can, you can get plenty of chances where you can get the same pay that he does."

They might be asked whether they feel that if they go out and do twice as much work as another group of men, then ought they to have just the same pay as those men, or would it be fair and pay them double? Most of them would say they ought to have double pay.

Then it should be possible to show them that a skilled employer by organizing production in a scientific way, can greatly increase it, sometimes double or triple it. If so it is cheaper for the community to allow him to make a very large sum, rather than get along without his ability and only produce a half or a third as much. The best results for everybody are secured when people are given an incentive to do their best work, and the highest paid man is often the cheapest to the community because he can increase production so largely.

But argument alone will never fully satisfy such men. The employer must show good will. He must put himself in their place, think of their struggles, go the limit to make them comfortable, and refuse to grab anything more than a reasonable profit for himself. If employers will thus meet unrest with facts, logic, and sympathy, it can be handled all right.

NAVAL SQUABBLES.

(Philadelphia Record)
One of the many disgusting scandals of the Spanish-American war was the Sampson-Schley controversy, which raged for years to the profound displeasure of all sensible Americans, who have no sympathy or patience for the petty and personal rivalries of naval officers. It is to be hoped that after the splendid work done by our navy in the world war there is to be no duplication of the squabble which raged 20 years ago.

INVADING MEXICO.

(Canton News)
For many years there has been more or less talk in the United States regarding the invasion of Mexico. The plan has varied from sending an armed force to chase somebody to that of taking it as a part of the United States. It can hardly be argued that Mexico has not given the United States provocation enough to do at least part of the things which have been advocated as fitting punishment for the actions of this nation. The administration has even held up to criticism because it has not used the "mild fist."

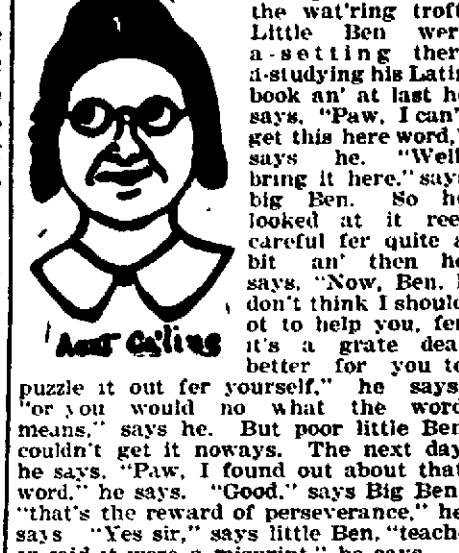

The "knight of the grip" may succeed in doing what has not been accomplished by threats or even by an invasion of Mexico for the purpose of punishing a somewhat elusive bandit named Villa. Business may succeed where diplomacy apparently has failed. A group of American business men, representative of a half dozen or more, plan to use the first through train from New York City to Mexico City to attend a trade conference at the Mexican capital, which will open on February 11.

Hope is that pleasure of the mind which everyone finds in himself upon the thought of a probable future enjoyment of a thing which is apt to delight him.—Locke.

LVIII.—Bennett Makes a Declaration.

If she had had her wish, Keitha would have liked to spend all her days in the Italian garden of the Bennett villa which commanded a superb view of the sea. The Pacific was casting its subtle spell upon her and she was making no effort to escape it. The house, of the low bungalow type, built of cool grey stone, was covered with flowering purple bougainvillea and the garden itself had so far departed from its classic Italian outlines to contain a riot of scarlet and purple flowers and leopards. Some of the gardeners of the villa were of the Bennett family. Bennett and Anita, that is the Mrs. Bennett and Anita, that is the wife of the Bennett, were of the Bennett family. AS TO EXTRADITING WILLIAM.

(Pittsburgh Gazette Times)
It is impossible for Holland to grant extradition of William Hohenzollern at the call of a third country, his own country not demanding extradition, the main step of the Allied and Associated Powers to get possession of the former emperor for trial seems clearly indicated. A demand that Germany join in the petition should be made. Apparently there is no power to enforce such a demand, but the German government's response would prove in a sense a test of its good faith with respect to the Peace Treaty terms.

Germany Protests Too Much.
Members of the German Fatherland League who would surrender William II for trial are wise. Germany cannot surrender him, because it has not got him, but Germany can dissociate itself from the Hohenzollerns, and it has so far refused to do it. If it had published the suppressed diplomatic correspondence once a year, instead of keeping it secret and trying to save the reputation of the imperial government and of William II individually, it would have got easier terms at Versailles. While it was protesting that the sins of the Empire ought not to be visited upon it, it was protecting the secrets of the Empire, and trying to save the reputation of William II.—Philadelphia Record.

Milady's Boudoir

Abusing the Eye.
The eye is probably the most abused of all the human organs. Women can shut themselves away from noise and indeed, from sounds of all kinds, the tongue refrains from tasting for hours and the sense of smell is seldom excited, but the eyes, during the waking hours, are always open and working at high pressure. It is little wonder, therefore, that most women's eyes, exerting even a small measure of their powers, should grow tired as the day wears on.

An eight-hour day for the eyes would be quite enough, but they work 12, 14 and even 16 hours a day. This excessive degree of eye work, involving as it does, a very large amount of muscular and nervous wear and tear, is excessive, fatiguing. No wonder, then, victims suffer from headaches and all the other symptoms attributable to tired eyes.

The hollow eye, the sagging tissues that enclose it, the drooping eyelids, all testify to the fact that the organ of vision has been worked beyond the limit of human endurance, and the ill look which it produces are the signals for rebellion.

And yet to shut one's eyes is the simplest thing in the world. The eyes are expressly provided with curtains that can be drawn down in the fraction of a second. Most of us would be shocked if we could close our ears or noses as easily and quickly as our eyes. Whenever possible, therefore, in the course of each busy and fatiguing day, let the eyes be closed for short periods, but many times.

Our Boys and Girls

About one tenth of the babies born die before they have their first birthday, and of this number, forty per cent die before they are one month old. One great reason we lose so many is because the mothers did not have the care before and up to the time of the baby's birth. Each state is spending a great deal of money to save the babies and young children, and the chief instruments in this work are the public health nurses and the health centers.

Here a doctor and nurse tell the mother how to take care of her child. They weigh and measure the child regularly, examine it and advise about its feedings. Proper food in the care of a baby means regular and best feeding. Prompt and accurate birth registration by the doctor is important. It is the starting point of about seventy five per cent of the baby saving work.

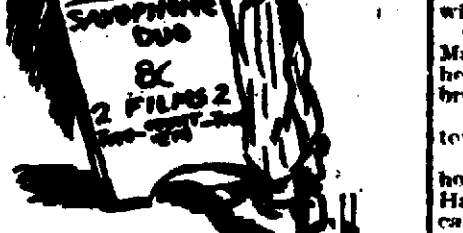

A bottle fed baby is more liable to develop rickets, tuberculosis and other diseases in early life. It is apt to have trouble with its first teeth, with adenoids and enlarged tonsils, and to be generally below par. There are a large number of such children and every year 300,000 of them die under five years of age in the United States.

Everyday Etiquette

"When does a man, who is escorting a lady to the theater, take off his hat, at the outer door of the theater or where you give up the tickets?" inquired Fred.

"A man should keep his hat on so long as he is outside the lobby, but he takes it off as soon as he enters the auditorium itself where other people are seated," said his father.

EASY TO BREAK RIGHT UP

Don't pass your cold to other members of your family. Don't stay stuffy! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clog-

ged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

If gasoline prices had advanced at the same rate as crude oil prices, it is estimated that the consumer would have to pay 14 cents a gallon more for his petrol than he does.

Nine years ago, before the inauguration of the pig club movement in the southern United States, most of the hogs in that section were of the razor-back variety.

AMUSEMENTS

AUDITORIUM

"Heart O' the Hills."
If Steve Honeycutt and Widow Hawn had followed the advice of their children, Mary Pickford wouldn't be able to offer such a wonderful picture as "Heart O' the Hills," adapted from the story by John Fox, Jr., which will be shown at the Auditorium theater commencing today and running over Saturday.

As Mavis Hawn, Miss Pickford takes the part of a Kentucky mountain girl at war with certain factors which she knows nothing of and determined at least to put an end for all time to come to the whippings which her mother has been liberally inflicting.

A love tale is interwoven in the plot about a mountain feud of long standing and the story affords Miss Pickford ample opportunity to score such triumphs as characterized "Daddy Longlegs," and "The Hoodlum," her previous attractions from her own studios and released through First National Exhibitors' Circuit.

Mavis and her sweetheart, Jason

Honeycutt, oppose the marriage of their parents for the reason that Honeycutt's prime motive is prompted by a desire to secure Widow Hawn's valuable coal lands. The children, when grown, fire a double shot that ends Honeycutt's life when they find he is responsible for the murder of Mavis' father.

Special Matinee.
Manager Fenberg makes a most pleasing announcement that should catch all the kids of this village, the coming of a special One Hour Ten Cent price for scholars of the Newark schools (no matter the age) for Saturday afternoon for one unit two p.m. The attraction will be Mary Pickford in her third latest First National Feature "Heart O' the Hills." He also states that should any kid or kidlet be shy of the necessary dime, come right along, he will see the film or she see's Mary in this her very best picture.

Jubilo.
Will Rogers, who is starring in "Jubilo" at the Auditorium theater

next Saturday is the owner of a genuine German police dog valued at one thousand dollars. He received the animal as a gift from Adolphus Busch, the multi-millionaire brewer, while he was playing in St. Louis with the last Ziegfeld Follies show. Mr. Rogers in his raring and monologue act have made attention to the fine prohibition law which was then a law in the cloud on the horizon. His humorous remarks made a hit with Mr. Busch and he invited the actor out to his estate. There he showed him about his kennels, and suggested that Mr. Rogers accept one of the police dogs as a play-fellow for his children. Shortly after the star's arrival at the Goldwyn studios in Culver City a big crate arrived at the property room, addressed to Mr. Rogers and containing the leaping offspring of two of the most famous German police dogs in this country.

"Going Up."
Have you ever gone to the theater and found a musical show that you thought you could listen to all over again when the curtain fell on the last act?

"Going Up," which will be the attraction at the Auditorium theater on next Tuesday, is just the kind of a show. It is actually packed full of all the qualities that go to make a perfect evening in the theater, a fine company of comedians and comedienne, a bewitching chorus of youthfully beautiful girls, a haunting musical theme, special song numbers that make you want to join in the chorus, and so many unusually funny situations that one is kept in a roar of laughter almost continually.

Costume effects, and scenic settings are details in the production of musical plays that must be attended to most carefully by producers these days, if success is to be achieved. Then, too, the melody accompaniment must be tuned and tickly and the vein of comedy appealing.

It was the achievement of these fundamentals that Cohan and Harris had in mind when they contracted with Otto Harbach and James Montgomery to write the book and lyrics and with Louis A. Hirsch to compose the music for "Going Up," a musical play that set all New York laughing at its infectious comedy and whistling its "rag-time" melodies for nearly two years at the Liberty theater.

The story of "Going Up" is all about the author of a book on aviation, though he has never made a flight. His narrative is interesting and his facts so convincing that he is immediately accepted as a real birdman. What is more natural than that his friends should want to see him perform some of his vividly described stunts in the air, and it is his efforts to avoid the journey that furnishes the fun in this brilliant musical comedy triumph. A few of the many popular numbers in "Going Up" are "Tickle Toe," "If you Look in Her Eyes," "When the Curtain Falls," "Going Up," "Kiss Me," "The March of the Hand," "Do It For Me," and "I Want a determined Boy." Mail orders now. Seats Saturday.

Industrial Newark.
The Auditorium will show in connection with its other features today, Friday and Saturday, the big Industrial Film made and taken in Newark of several of its large factories, stores, banks, etc. This film has been seen by many at the Alhambra and no doubt many more will want to see it at the Auditorium theater.

ALHAMBRA.
"Fair and Warmer."
May Allison at the Alhambra for three days, commencing today, in the six reel Metro photoplay, "Fair and Warmer," with this clever cast of players: May Allison, Pell Trenton, Eugene Pallette, Christine Mayo, Wm. Buckley, Effie Conley, and others.

The story tells of Laura Bart, a young society matron, who objects to her husband Billy's lack of sporting instincts. She carries on a flirtation with Philip Evans, a former admirer. Jack and Blaney Wheeler live in the apartment above the Bartlets. Blaney is blind in love with Jack, who is inclined to stay out late at nights and play poker, but accounts for his absence from home by stating that he is compelled to attend meetings of a society known as the Mystic Shrine. One night Jack departs on a poker expedition leaving Blaney with the letter. Laura goes out to the theater with Evans, have a supper and protract their stay into the small hours. Blaney and Bill lament the loneliness of their situation. They proceed to sample various liquors. Laura has ordered for herself and Evans with the result that both become intoxicated and fall asleep. The return of Jack, Evans and Laura brings about an amusing climax, in which divorce is at

"Marked Men."
The Alhambra on next Sunday has one of the strongest programs of the season, it being Harry Carey in the Universal special attraction, "Marked Men." This feature booked for the Auditorium is sent over to Mary Pickford's Alhambra on that day and will have several added features.

Carey is said to be one of the best Western actors on the screen. His letter, sweetheart and the sheriff were waiting for him with open arms. He chose the girl and the sheriff chose him. See it. It's really good.

"The Honor of His House."
In the Paramount picture, "The Honor of His House," Sessue Hayakawa, the well known Japanese star, who rose to fame through such pictures as "The Cheat," "Alien Souk," "Honorable Friends," and others, is supported by a splendid cast including Florence Vidor as his leading lady. Other prominent players are Jack Holt, Mayme Kelso, Forest Seabury, and Tom Kuratko. Directed by William C. DeMille, the story has been given some unusual twists, dealing with the old "eternal triangle" situation in a novel manner. This feature comes to the Alhambra next week.

GRAND.
Last Showing Today.
This evening marks the final showing of "Broken Blossoms," the peer of all Griffith efforts in production. The picture has done a wonderful business at the Grand. The theme is a bit unfortunate, yet when one stops to study it, the whole thing is clear that such things happen in everyday life.

Hand Lockwood.
Tomorrow afternoon and evening, there will be shown at the Grand, "Shadows of Suspicion," in which Hand Lockwood appears in the leading role. Mr. Lockwood says that "Shadows of Suspicion" is perhaps his best effort, at least he liked it better than any picture in which he has ever appeared. The picture is for one day only, Friday. There is a splendid Billie West comedy that is being shown in connection with this feature.

Breeding of roosters for cock fighting was practiced by the early Greeks and Romans.

In her third picture from her own studio.

"HEART O' THE HILLS"

Adapted from the famous novel by John Fox, Jr., directed by Sidney A. Franklin. Photographed by Charles Rosher.

"You dare to pull my hair," cries Mary Pickford, as the little mountain just starting to school, and Mary shows the boys she can fight with her fists for her rights. It is the primitive Mary with her laughs and frowns and intrepid daring, in the story of the feudist fights of the old Kentucky mountaineers.

Now Showing At Newark's Classy Playhouse.

SPEAKERS ASSIGNED FOR JACKSONTOWN INSTITUTE

A farmers' institute will be held at Jacksontown Feb. 4-5. The committee in charge has extended to all interested in agriculture and the betterment of rural life a cordial invitation to attend. The extension department of the Ohio State University has on its institute.

J. L. BUCHANAN.

force speakers who are capable of handling the subjects they have selected.

The speakers assigned here are Mr. J. L. Buchanan and Mrs. Hiram Thom as are educated and well qualified by actual experience.

Discussions will be given by men and

MRS. MARIE THOMAS.

women of the community who have the community at heart and know its needs. The program will be instructive and entertaining.

The results of the school last year were boys' and girls' pig club, girls' canning club, Duroc Jersey association, county Jersey cattle club and the purchase of 400 tons of limestone. County Farm Agent L. L. Nowls, with his usual tact of getting something done worth while, aided in the program.

ALIENS STUDY CIVICS AT Y. M. C. A. ROOMS

A class in the study of civics has been organized in the Y. M. C. A. for the express purpose of preparing the men who are to take out their naturalization papers in the spring. Max Norpell is instructing the class, the first meeting was attended by eight men intent on getting sufficient knowledge of our government to permit their becoming adopted sons of Uncle Sam. The second meeting was held Tuesday evening and from appearances, the men will stick to their guns. For the past five months the Y. M. C. A. has conducted a small class in English for non-English speaking men, which was augmented a month ago by the high school class of two, who were not sufficient in numbers to justify the school in continuing them.

The Y. desires to become as useful to the alien community as it can; the only hindrance is a lack of heartier response from the men.

EMPLOYED BOYS OF Y HAVE SOCIAL SESSION

The Employed Boys gymnasium group of the Y. M. C. A., which has been growing under the leadership of W. C. Allen, physical director, had a supper Tuesday evening in their new club room. K. L. Dickerson, one of the Y board members, made a short talk to the boys. A Valentine party was planned for Saturday night to which the boys will bring their girl friends. The idea of having a Bible class based on the study of economic questions under the leadership of Allen was endorsed and will be taken on Wednesday evenings. After the study period the remainder of the evening will be put in socially. The club room contains a reading table and hand tissue checkers, etc., but as soon as the boys get some good chairs

The Best Cough Syrup is Home-made.
Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.
Into a pint bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you can buy ready-made for three times its cost.
It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for that tickle, hoarseness, croup, bronchitis and bronchial asthma.
Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.
To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

GIRL HURT COASTING ESCAPES FRACTURE
Miss Marion Shields, who had her hip injured in a coasting accident last Thursday night on Second street hill, was taken to the office of Dr. W. B. Boyer Wednesday in the Bradley ambulance for an X-ray.

The sled left the track and struck a telephone pole, Miss Shields being thrown against the pole. She suffered many painful bruises and it was thought probable that the hip was fractured, but the X-ray examination showed that no bones were broken. Miss Shields is a senior student at Newark high school and lives at 52 Summit street. Others on the sled were uninjured.

MAYOR NOT INTERESTED IN ARMY-NAVY STORE
Mayor H. A. Atherton stated today that neither he or the city administration is interested in the Army and Navy store which is being operated in West Main street. The mayor had arranged for opening a store in December but was unable to get more than the car of goods after having been assured that three cars would be sent him.

RECORDER'S CLERKS CATCH UP WITH WORK
Deputy County Recorder Vesta Wilson and Clerk Mary Rosel and Mrs. Fred Cully have been working over time in order to clear up the large mass of documents left for record and today for the first time in a year have the recorder's office in such shape that records left for record can be taken care of at once. A great deal of the work of the past year consisted of the recording of discharges of boys in the service and also of an extraordinary large number of realty changes.

HIGH SCHOOL BOYS BEGIN MINSTREL WORK
Minstrel practice has started at the high school and is progressing very well. Mr. Klopp, who is in charge of the minstrels, states that the enthusiasm in the minstrel is the best ever shown. He also states that the material this year is excellent and everything points to its being the best in the history of the high school. The minstrels will be given on March 25 and 26. This is the ninth minstrel that the high school has given. There will be about 45 in the chorus.

STATE BUREAU WILL EXAMINE COURT WARD
Jennie Osborn, aged 15 and whose home is in Beech street, was taken to the home of the Bureau of Juvenile Research in West Broad street Columbus yesterday afternoon by Probation Officer Mrs. Mary Miller. The girl will be kept there for a stated period for observation and will be either recommended for parole or sent to the Girls' industrial school at Delaware. She was before the juvenile court here on a charge of incorrigibility.

From the Earth's Infancy.
The perfect state of preservation of organisms which lived untold millions of years ago is shown by Professor Oliver in an archaic type of seed in the lower coal measures of Lancashire. These are only one-fifth of an inch long, but under the microscope their integument is seen to possess ten ribs, which project like little arms.

Dad's Part in the Game.
One day when Herbert was riding with his father in his machine, he told Herbert not to forget to remind him of a certain errand. After going a little farther his father thought of another thing he wished to be reminded of. Herbert thought seriously for a moment and then turned to his father and said, "Well, dad, I guess you'll please have to remind me to remind you."

New Glazing Device.
A new glazing device squirts the putty into place under the pressure of the hand. It has the appearance of a grease gun, used for filling automobile grease cups. It is secured to the wrist and guided by the hand, which also controls the flow of putty.

Get After the Pest.
Mosquitoes always pass the early part of their life history in water. Adults do not travel very far unless carried by wind. If you are bothered by them, look around for some stagnant water. Put a little kerosene on this and effect a control.—Exchange.

WIFE SAYS HUSBAND STRUCK HER IN FACE

Mary Linecome has filed a petition in common pleas court against Martin L. Linecome. They were married April 27, 1912, and are the parents of a son aged six years. Linecome is charged with gross neglect of duty and failure to provide.

Mrs. Linecome also alleges that he is guilty of extreme cruelty in that he assaulted her on numerous occasions and that on Jan. 6, 1920, he struck her in the face several times and compelled her to leave their home. She asks for a divorce, alimony and the care, custody and control of the minor child.

OMISSION OF OSS ON ALL-AMERICAN TEAM BRINGS KICK

Arnold Oss.

Western football experts are much incensed over the failure of Walter Camp, famous picker of all-American football teams, to place Arnold Oss of the Minnesota eleven on the first all-American selection of 1919.

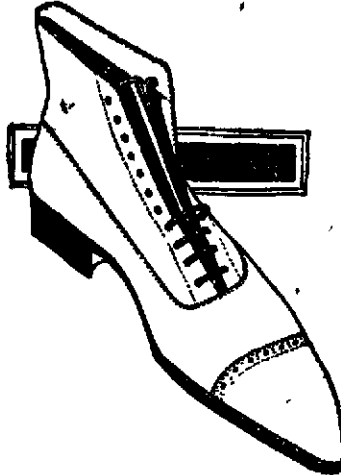

Coach of the Blue team is one of the upholders of Oss. "We stopped Minnesota but we couldn't stop Oss," says Zuppke.

NEWARK PARENTS TO MEET FRIDAY

May Unite With Teachers
To Form Association to
Secure Closer Co-operation
For School Betterment.

Newark parents and teachers will meet Friday at 2 o'clock in the high school auditorium. The large orchestra under the direction of Mr. Klopp will render a short musical program after which Mrs. Sawyer of Columbus will address the parents and teachers on the subject of a parent-teacher association for Newark.

While there are many phases of work undertaken by parent-teacher organizations, probably none is so important as the topic of health. The program for 1920 includes infant welfare, dental clinics, medical inspection and assistance in the county health organization. Roughly speaking, the selective draft found one-third unit physically unfit to serve their country. These defects lessen the producing power and usefulness of the individual in civil life also. Our obvious duty is to see what can be done to effect a remedy. So many of these physical handicaps would not exist if they had been properly dealt with in childhood. Hence the need for systematic supervision of the health of school children. In Europe this need is met by the national governments. Medical inspection in schools being made compulsory.

Welfare work for the child should not only include doctors and nurses, but also compulsory education, prevention of child labor, and the extension of school life, the program itself was one of universal charm. The interpretation of the numbers showed the delicacy of the artists' personality and elicited rounds of applause from the audience. Mrs. Henry responded with two songs. The climax of the program was reached in the Liszt Concerto with accompaniment on the second piano played by Miss Ruth Purvis, which closed a notable entertainment. Miss Henry held her reaction following the program and later was guest of honor at a supper party given by Prof. and Mrs. M. E. Stickney at their home on Buick street hill.

At the intramural basketball games last night in the school hall the Sigma Chi fraternity defeated the Betas; Phi Gamma the Kappa Sigas, and the Juniors defeated the Sophomores.

The conservatory will present the students of piano and voice in the semester recital this evening at 8 o'clock in the school hall.

Fred H. Buxton, who has been confined to his home by illness for over a week, is reported as improving. Mr. and Mrs. Buxton were guests yesterday of their parents.

Mrs. Mabel Ashton, whose piano recitals at her home in College street, has rented the community rooms for the purpose and Wednesday afternoon presented her youngest pupils in the first of the series to be given monthly.

A large number of mothers and friends of the performers were present and attested their pleasure by generous applause. The next recital will be given in the rooms on February 27.

Mrs. Mabel Jones was removed in Peters & Morrow's ambulance to Magpie Springs where she goes to regain her strength.

Burton Case, administrator of the estate of the late Mrs. Helen A. Rose, has sold the home in South Pearl street to Thomas Phillips.

The members of the Fortnightly club met at the home of Mrs. Overturn, in Granger street, last evening.

The occasion was the annual business meeting and according to custom a 6 o'clock dinner preceded the business. The delightful menu was served by the hostess and social committee. After dinner came the business meeting and the following officers were elected for the coming year: President, Mrs. Hines; vice president, Mrs. J. Ackley; recording secretary, Mrs. H. Paris; treasurer, Mrs. G. Jones; critic, Miss Clark; librarian, Mrs. Follette; corresponding secretary, Mrs. F. Owens. Next year the club will continue a study of the "Causes of the World War," and their new subject will be "Americanization."

The club will meet at the home of Mrs. C. D. Conns Feb. 10.

JACK JOHNSON WOULD RETURN TO FACE CHARGES

Mexico City, Jan. 29.—Jack Johnson, former heavyweight pugilistic champion of the world, plans to return to the United States at once to face charges pending against him in Chicago, according to a letter shown the Associated Press yesterday by Johnson. The former champion is confident he can arrange legal difficulties in time to fight Jack Dempsey before the latter meets Georges Carpentier of France, and asserts that Dempsey must meet him before he can claim the world's championship.

The letter shown by the former champion was written by him to Charles E. Clyne, United States district attorney in Chicago. It said Johnson would go to New York by way of Havana, arranging through the American embassy here for federal agents from Mr. Clyne's office to meet him in New York. This step was for the purpose of avoiding complications. Johnson requested Mr. Clyne to give him 36 hours of leave after he arrived in Chicago so that he might secure bondsmen and make other legal preparations.

CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because
They Allow Poisonous Deposits to
Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, puffs under eyes, clammy feet and moist palms, backache or side ache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, Marshroot, has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. Evans Cut Rate Drug Store can supply you.—Adv.

MISS TARBELL SPEAKS TUES. AT HIGH SCHOOL

Ira M. Tarbell, most famous woman publicist, is to speak at the high school auditorium on the lecture course on February 3. Ira Tarbell has been an associate editor of McClure's magazine and for nine years served as associate editor of the American magazine. During the war she served with distinction as the vice-chairman of the woman's committee of the council of National Defense, Washington.

Miss Tarbell went as a correspondent of several publications to report the peace conference. During her stay in Europe she spent time in Belgium, France, England and Italy, where she conducted an intimate study of the changing relations between capital and labor which the war brought on.

NEWARK HIGH MEETS DAYTON ON SATURDAY

The Newark high school basketball team will play Steele high of Dayton on Saturday of this week. The game is to be played at Dayton and the team will leave for Dayton Saturday noon. Steele high has the reputation of always putting out a good team although they cannot equal their sister high school, Stivers high of Dayton. Their is no doubt but that the Newark boys will have a hard game since Steele high defeated South High of Columbus by quite a margin.

The team is working hard this week for the game with Springfield to be played Friday night. As a preliminary game the Printers will play the Midlands. The Springfield game is one of the best of the season and the Newark boys will have to fight. The team will be greatly strengthened by the return of Wilson and Orr and with but one regular player absent the prospects are good. Wilson will play left forward and Harlow, Fitzgerald and Linn will alternate for right forward. Orr and Kelley will play center. Baker and Allen will play guards.

PLAYS IN ZANESVILLE.
The Zanesville Tigris basketball five will play the Newark All Stars at the Zanesville armory Thursday evening. Both teams have been going at a fast clip during the entire season and a rattling goal contest can be expected by the fans.
